

**534056 (NMHABE)**

Medium hot air blower zone without door for Zanussi multi-rinse Rack Type Dishwasher

Main Features

- Electronically controlled to optimize drying results.
- Drying zone removes most of water from the crockery through a high powered fan that extracts dry air from outside mixing it with the internal air, thus providing dry plates at a temperature cool enough to handle safely.
- IP25 protection against water jets, solid objects and small animals (larger than 6 mm).
- The feeding direction can be either left to right or right to left as it's reversible on site.
- Unit to be placed between multi-rinse rack type dishwasher and handling system.
- All main components made in heavy duty anti-corrosive 304 type stainless steel: internal chamber, external, front and side panels and rack transportation system.

Construction

- The chamber is pressed with fully rounded corners without internal pipes and therefore no hidden dirt traps.
- The unit is built on modularity concept to easily connect with multi-rinse rack type dishwasher without any modification including power connection.

Technical specifications

Electric

Supply voltage:	380-415 V/3N ph/50 Hz
Default Installed Power:	4.4 kW
Dryer heating elements:	[[TechSpec].fDInstPower VALUE NOT FOUND] kW
Drying fan power:	[[TechSpec].sDFanP VALUE NOT FOUND] kW

Key Information:

External dimensions, Width:	560 mm
External dimensions, Depth:	795 mm
External dimensions, Height:	1362 mm
Charging hole size (width):	[[TechSpec].fChargeHoleW VALUE NOT FOUND] mm
Charging hole size (height):	[[TechSpec].fChargeHoleH VALUE NOT FOUND] mm
Net weight:	75 kg
Shipping weight:	75 kg
Shipping height:	1560 mm
Shipping width:	900 mm
Shipping depth:	720 mm
Shipping volume:	1.01 m³
Dryer air flow:	[[TechSpec].sDFanCap VALUE NOT FOUND] m³/h
Dryer air temperature:	[[TechSpec].sDAirTemp VALUE NOT FOUND] °C

Sustainability

Noise level:	<62 dBA
