**534059 (NMHSDRE56)**

Medium hot air blower zone without door for single rinse Rack Type dishwasher, 50Hz & 60Hz

Main Features

- Electronically controlled to optimize drying results.
- Drying zone removes most of water from the crockery through a high powered fan that extracts dry air from outside mixing it with the internal air, thus providing dry plates at a temperature cool enough to handle safely.
- IP25 protection against water jets, solid objects and small animals (larger than 6 mm).
- The feeding direction can be either left to right or right to left as it's reversible on site.
- All main components made in heavy duty anti-corrosive 304 type stainless steel: internal chamber, external, front and side panels and rack transportation system.
- Unit to be placed between single rinse rack type dishwasher and handling system.

Construction

- The chamber is pressed with fully rounded corners without internal pipes and therefore no hidden dirt traps.

A focus on sustainability

Sustainability

- The unit is built on modularity concept to easily connect with single-rinse rack type dishwasher without any modification including power connection.

Certifications & Recognitions

International system for mutual acceptance of test reports and certificates concerning the safety of electrical and electronic components, equipment, and products.

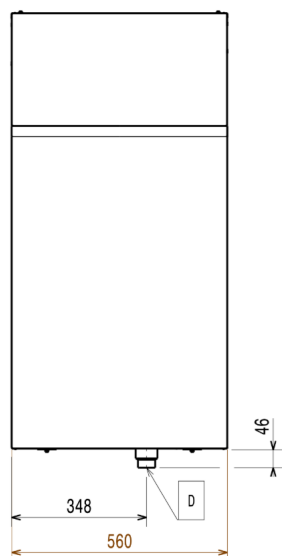

Product assessed by the manufacturer and deemed to meet EU safety, health, and environmental protection requirements.

Technical specifications

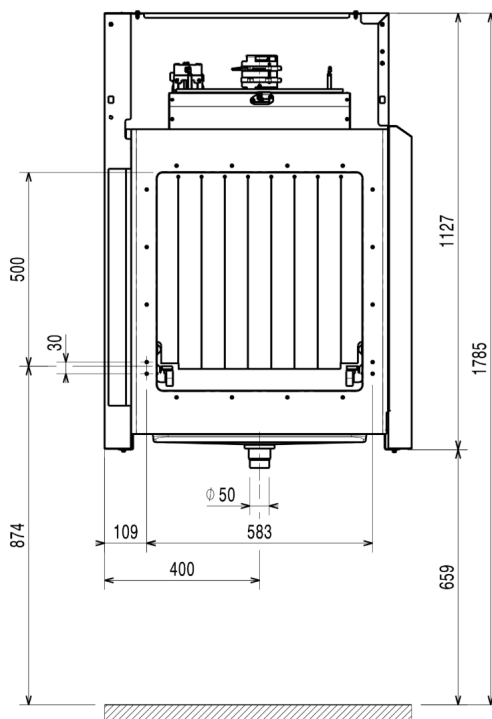

Electric	
Supply voltage:	380-415 V/3N ph/50/60 Hz
Default Installed Power:	4.4 kW
Dryer heating elements:	[[TechSpec].fDInstPower VALUE NOT FOUND] kW
Drying fan power:	[[TechSpec].sDFanP VALUE NOT FOUND] kW
Key Information:	
External dimensions, Width:	560 mm
External dimensions, Depth:	795 mm
External dimensions, Height:	1130 mm
Charging hole size (width):	[[TechSpec].fChargeHoleW VALUE NOT FOUND] mm
Charging hole size (height):	[[TechSpec].fChargeHoleH VALUE NOT FOUND] mm
Shipping height:	1310 mm
Shipping width:	920 mm
Shipping depth:	610 mm
Shipping volume:	0.74 m³
Dryer air flow:	[[TechSpec].sDFanCap VALUE NOT FOUND] m³/h
Dryer air temperature:	[[TechSpec].sDAirTemp VALUE NOT FOUND] °C
Sustainability	
Noise level:	<62 dBA
