

Handling System for Rack Type Loading Dishwashing Driven 180° Curve - Counterclockwise direction

ITEM # _____

MODEL # _____

NAME # _____

SIS # _____

AIA # _____

**865459 (HSLC180CC)**Loading curve unit, 180°,
dishwasher driven, anti-
clockwise

Main Features

- Designed to transport 500x500 mm dishwashing baskets.
- "Key holes" and "snap on" system reduces the number of screws needed for fast and easy installation.
- The curve is driven by the dishwasher as the feeding arm in the curve will be connected with the conveyor of the dishwasher.
- Available counterclockwise direction for loading area.
- Drive system on the underside of the unit to ease basin surface access.
- 45° cut corner to reduce space usage.
- "Click-in" function to be easily combined with the mobile roller conveyor.
- Dishwasher's 180° driven curve is intended for installation between a rack type dishwasher and a mobile roller conveyor.
- Basket movement underneath for improved safety.

Construction

- All surfaces smooth with polished finish.
- AISI 304 1,2mm stainless steel basin.
- 40x40mm stainless steel tubular and square legs.
- Thick welded flanges for sturdy connection between the units.
- Sloping bottom of the table grants a smooth and rapid drainage.
- Three legs included.
- Stainless steel feet 50 mm adjustable in height to align the operation height between the dishwasher and table.

Optional Accessories

- Emergency stop kit for Rack Type Dishwasher PNC 865162 ☐
