Gas lava stone grill top, full module

Main Features

- Burners protected by stainless steel deflection trays to prevent blockage.
- Cast iron grids can be adjusted on two levels.
- Piezo ignition and separate controls for each half module.
- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- Heating via Stainless steel gas burners with flame failure device.
- Stainless steel high splash guards on the rear and sides of cooking surface. Splash guards can be easily removed for cleaning and are dishwasher-safe.
- Top configuration allows installation on ambient base only (not possible to install on refrigerated nor freezer base).
- Cooking grids made in highly resistant enameled cast iron for easy cleaning.
- Suitable for countertop installation.
- Lava stone included in standard delivery.

Construction

- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- One piece pressed 1.5 mm work top in Stainless steel.
- IPx4 water protection.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
