

ZANUSSI PROFESSIONAL

EVO700 Electric Grill Top HP 1200mm

Product code: 372268

Electric grill top, large module - HP

Main Features

- Incoloy armoured heating elements positioned under the cooking grid.
- Power indicator light.
- Each bank of elements has an independent power regulation through a control knob.
- Heating elements tilt 90° for easy cleaning.
- Removable 2mm thick steel U-shaped grids in AISI 441 stainless steel for fast heating of cooking surface.
- Fixed well with drain to collect residual cooking juices and grease.
- Large drain protected by overflow and filter.
- Water must be added to well before operation.
- Water filling tap with knob control.
- Removable stainless steel deflectors to recuperate heat and reduce cooking time.
- Stainless steel splash guards on sides of cooking surface. Splash guards can be easily removed for cleaning.
- Led warning indicator to give an alarm when well is empty.
- Top configuration can be installed on refrigerated / freezer base with limited layout options.
- Suitable for countertop installation.

Construction

- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- One piece pressed 1.5 mm work top in Stainless steel.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Unit is 700mm deep to give a larger working surface area.
