

Modular Cooking Range Line EVO900 4-Burner Gas Boiling Top, 10kW

4-burner (10 kW each) gas boiling top - cast iron grids

Short Form Specification

Item No.

To be installed on open base installations, bridging supports or cantilever systems. High efficiency flower flame burners with continuous power regulation and optimized combustion. Flame failure device as standard on burners to protect against accidental extinguishing. Exterior panels of unit in stainless steel with Scotch Brite finish. Pan supports in heavy duty cast iron. Extra strength work top in heavy duty 2 mm stainless steel. Right-angled side edges to allow flush-fitting junction between units.

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- The four 10 kW high efficiency burners are available in • two different sizes to suit high performing cooking requirements of the most demanding customers:
- -60 mm burners with continuous power regulation from 1.5 to 6 kW
- -100 mm burners with continuous power regulation from 2.2 kW to 10 kW
- Gas appliance supplied for use with natural or LPG gas, conversion jets supplied as standard.
- Burners with optimized combustion.
- Flame failure device on each burner protects against gas leakage when accidental extinguishing of the flame occurs.
- Protected pilot light.
- The special design of the control knob system guarantees against water infiltration.
- IPX5 water protection.
- Large sized pan support in cast iron with long center fins to allow the use of the largest down to the smallest pans.

Construction

- Unit is 930 mm deep to give a larger working surface area.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- AISI 304 stainless steel worktop, 2mm thick.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
